MARDI GRAS MATTERS

COMMITTEES DISCUSSED
ARRANGEMENTS YESTERDAYDisposition of the Press--Something
About Maskers--Will Enter
Drill Shed from
Miller Street.Representatives from the different
committees having the Mardi Gras car-
nival matters in hand, met yesterday
afternoon at the drill shed and still
further perfected the arrangements
which are now so well in hand.According to a resolution, it was de-
cided to try and increase the number
of boxes but it is doubtful if this can
be done.The refreshment committee has ac-
knowledgeed a large amount of cake do-
nations and the offer of the Elite Ice
Cream Parlor to furnish ice cream,
sandwiches, cutlery and crockery, was
accepted.The question as to the formation of
the grand march and also as to how to
avoid confusion among the spectators
and maskers in the dressing rooms,
was solved by the suggestion of Mrs.
Walker and Mrs. Tenney, who had been
on a tour of investigation while the
discussion was in progress.It was finally decided that the mask-
ers should enter the building from the
Miller street entrance, marching into
the ball room at the rear end over the
stage and down the steps. The front
entrance will be reserved for specta-
tors.The plan was then adopted and, for
the further instruction of maskers and
spectators, all particulars as to ingress
and egress to and from the drill shed,
will be published in a pamphlet which
will be issued in a day or two.It was first suggested that those in-
tending to appear in dominoes, should
have them made of Mardi Gras col-
ors, but it was finally decided not to
insist upon the adoption of the colors,
owing to the notice being made so
late.Gentlemen in evening dress are to
powder their hair, as likewise the la-
dies, unless their costume calls for
some particular head-dress.The question of arrangements for the
press was discussed. Mrs. Graham
suggested that a table be set apart
while others suggested that press
boxes be arranged about the walls with
pencils and blank cards, the maskers
to fill in the names of themselves and
the characters they represent and to
drop the cards into the box.This was suggested in order that no
mistakes may be made in the list of
maskers and their costumes. The mask-
ers will be requested to observe this in
order that their names and costumes
may be properly quoted in the papers.It is understood that the names con-
tained in these boxes will not be di-
vulged until a late hour.After attending to these matters, the
meeting adjourned until this afternoon
at the same place and hour, when final
arrangements will be made.

SEATTLE BEER.

The ever popular Rainier beer is be-
coming a household word and "will
you have a glass of Seattle," is more
often heard than anything else. The
Criterion Saloon has the beer on tap or
in bottles.The use of the Singer in millions of
homes shows the unprecedented suc-
cess of these ideal sewing machines.
It is convincing proof that the Singer
excels in all kinds of family sewing
and art needle work. All our sewing
machines are of the best construction,
beautifully decorated, and are mounted
on selected woods in finely finished
cabinets of artistic design. B. Ber-

A PLEASANT SURPRISE

HOUSE WARMING PARTY
GIVEN FOR MISS YARROWHer Friends of the Central Union
Church and Christian Endeavor
Society Work a Clever
Scheme.The friends of Miss Yarrow, the pas-
tor's assistant of the Central Union
church, gave her a surprise party last
evening. The occasion was in the na-
ture of a house warming and was man-
aged with diplomatic success. Miss
Yarrow and her friends, Miss Duff, tir-
ing of boarding house life, have given
a practical illustration of the indepen-
dent spirit of the Twentieth Century
woman, by building a cozy modern cot-
tage on Beretania and Piikoi streets.
They moved into their pleasant home
only a few days ago and have been
quite busy with the details of furnish-
ing and fixing up the interior.Meanwhile, the friends of Miss Yar-
row were hatching a scheme. Yesterday
she was invited to lunch at the home
of Rev. and Mrs. W. M. Kincaid. In
the afternoon, on one pretext and an-
other, she was detained at the pastor's
home and was finally prevailed upon
to remain for dinner. After dinner,
Rev. and Mrs. Kincaid accompanied
Miss Yarrow to her home.On arriving, it was found that forty
or fifty of the members of the Chris-
tian Endeavor Society and the church,
had taken possession. Fine lace cur-
tains had been hung in the parlor. An
extension table was in the dining room,
the floors were richly carpeted with
handsome rugs and every corner was
occupied by a settee or rocking chair.
Her friends had furnished the house
during the afternoon, all of which, in-
cluding the furniture, was the free
gift of loving hearts.Miss Yarrow was thunder struck
with the transforming invasion, but
was equal to the occasion. She enter-
ed at once upon the pleasant task of
entertaining her visitors. Refresh-
ments were served and the evening was
a delightful one to all.The house was prettily decorated
with flowers and palms.

New Method of Street Filling.

A new method of street hole filling
has been instituted. An example of
this may be seen in Kawaiahao lane
just back of the church of that name.
At that point, the holes are being
filled with street scrapings and manure
--in other words, the dirt that should
be removed from the streets for good,
is being dumped into more obscure
thoroughfares.Those wishing reliable horses, ex-
perienced drivers, new rigs, fair prices
and courteous treatment should call at
the Territory Stables. Their telephone
number is Main 35. They deliver and
call for rigs free of charge.The Evening Bulletin, 75 cents per
month.

"THE ANGLE LAMP"

THE LIGHT
THAT NEVER FAILS.
It seems almost incredible that
any lamp could be good enough to
take the place of electricity on even
terms, yet such is the case with the
ANGLE LAMP. All over the Islands
people are throwing away their old
lamps and replacing them with this
lamp, not merely because it costs
about one-half as much to main-
tain (fuel is an object to some peo-
ple), but, beside being infinitely
cheaper, it is more brilliant and
more reliable in the bargain. It is a
revolution to every one who uses it,
and simply demonstrates that the
old-fashioned lamp was a barbarous
contrivance. THE ANGLE LAMP
never smokes, smells or gives any
trouble, is lighted and extinguished
as easily as gas, and is the ideal
light in every standpoint. We
carry these lamps from \$1.50 up.
